## PROJECTS

**Revise App** (August 2021 - August 2021)  
Self Project

**https://revise-today.netlify.app**  
I developed, designed and created this simple app that help to revise the small concept and syntax in every programming language. It's UI is designed to be user friendly. You can easily add more questions as well.  
**Tech Stack: React: Axios, Express, REST API, API Design, MongoDB, Material-UI**

**Ecommerce Website** (July 2021 - July 2021)  
Self Project

**https://ecommerce-proj-sy.netlify.app**  
A small ecommerce website created and developed with React frontend framework to learn and get good understanding of how API works using CommerJS API..  
**Tech Stack: React, Material-UI, CommerceJS API, Stripe Payment.**

**Kerala Lunch Box** (June 2021 - June 2021)  
Freelance

**https://kerala-lunch-box.herokuapp.com**  
I created, designed, and developed the whole site for a catering business. The site consist of a feature that allow owner to get the next week report in pdf form to prepare food accordingly.  
**Tech Stack: HTML, SCSS, JS, Express, Handlebars, MVC Pattern**

**Fem-EasyBank(Frontend Mentor)** (May 2021 - May 2021)  
Self Project

**https://fem-easybank-nine.vercel.app/**  
The project gave me a thorough understanding of SCSS preprocessor. The site is completely responsive. On the completion of this project , I realized how easy it is to make a website with SCSS.  
**Tech Stack: HTML, SCSS, CSS, Javascript**

## ABOUT ME

A Junior developer with hunger, passion and knowledge to contribute to the tech world and bring some impact. I am determined, team member, humble and focused. Celebrating on small things is what I like and playing basketball is my hobby. Looking forward to take a deep dive into the world of IT and expand my skill set.
